Doctoral Research Update

The Evangelical Review of Society and Politics is an international peer-reviewed journal exploring social and political issues from an interdisciplinary Evangelical perspective. The purpose of the journal is to bring an international and scholarly Evangelical analysis to bear upon various social and political issues of national and international interest. The Editors are committed to presenting the full spectrum of Evangelical thought to provide readers (whether Evangelical or those analysing Evangelical phenomena) with thoughtful, scholarly debate and original research that is biblically based and theologically sound. Scholarly submissions that are suitably respectful of the Evangelical tradition are invited from across the disciplinary spectrum.
